

## Rules

Rule #1. On every hole, each team member hits a tee shot. The team then selects one of the tee shots from which to play. All team members hit from that position. This procedure is repeated until the ball is holed.

Rule #2. Each team member must hit and use a minimum of two tee shots per eighteen-(18) hole round.

Rule #3. Each team member may place his/her ball within one club-length of the selected shot, no nearer to the hole. If the selected shot is played from a hazard, bunker, rough, fairway or fringe of the green, the ball may be placed within one club-length of the selected shot, no nearer the hole, but it must remain in the hazard, bunker, rough, fairway, or fringe of the green.

Rule #4. Each team member may improve his or her lie by hand-placing the ball or by moving it with his or her club head (except when in a hazard). The ball is in play when the player addresses it or, if he/she does not address it, when he/she makes the next stroke at it.

Rule #5. When putting, the ball must be placed within one putter head length of the selected shot, no nearer the hole. Teams are cautioned not to make tap-ins until all team members have had the opportunity to make the team's original putt. Once the ball is holed out, no further strokes are permitted.

Rule #6. Team members may stand behind one another (on an extension of the line of play) while they are hitting a shot or putting.

Rule #7. In the event of a tie there will be a playoff based on the previously recorded score from hole #1.

Rule #8. Men play from the men's tees (White). Women play from the women's tees (Red).

Rule #9. All results are subject to verification regarding handicaps, eligibility (including the course Professional), and other Rules of Play, even if the violation is not discovered until after the close of the competition.
